

Starting on 1 June 2019, rubbish must be separated to be collected door to door in the following residential areas: Vescomtat de Cabanyes, Riera de Cabanyes, Mas Toi, Mas Ambrós, Puig Rossell and Rio de Oro

With the new door-to-door system, the Council will collect the previously separated waste and left at the door of each household, at set collecting hours.

Advantages of the new rubbish collection system:

- You will no longer have to take your rubbish to the bins.
- Selective rubbish collection is increased
- Public areas will no longer have rubbish containers in sight.

HOW DO WE GET ORGANISED AT HOME?

These materials are available to keep waste at home before being taken out on the established day and time:

VENTED CONTAINER

It contains organic waste which must always be put inside a compostable bag. Leave it outside your house in the grey container with a brown lid on the established day and time.

COMPOSTABLE BAGS

Every household will be given a pack of compostable bags for organic waste.

RAFFIA BAGS

Raffia bags are used to keep light packaging (yellow), paper and cardboard (blue), and glass (green) until it is time to take them outside. This type of rubbish must go into the yellow bin.

EMERGENCY AREA

In exceptional cases when the waste cannot be left outside the house within the established time, it can be separated and taken to the containers in the emergency
